## About Me

I am a final-year Information Technology student with a strong foundation in web development . Passionate about solving real-world problems through technology, I have developed practical skills in programming languages like Java and web technologies. With a commitment to continuous learning and innovation, I aspire to build a career in software development, data science, or IT solutions.

## Education

- 2020 - 2021 Class XII with 93%
Ponjesly Public Matric Higher Secondary School
- 2021 - 2025 B.Tech,Information Technology
CGPA: 7.64
University College of Engineering Nagercoil

## Technical Skills

**Programming Languages:** Java,Javascript
**Web Technologies:** HTML, CSS, Bootstrap, React Js.
**Backend Technologies:** SpringBoot, CRUD operations, RESTful APIs, Jwt Authentication.
**Database:** MYSQL
**Tools  Platforms:** Git and GitHub, Postman.

## Soft Skills

- Problem Solving     Team Work
- Time Management     Communication

## Interships

**White Track Technologies,**                                            May 2024 – June 2024

Full Stack Java Development Internship (4 weeks) (Developed and maintained web applications using Java for backend development and HTML, CSS, Bootstrap and JavaScript for frontend design.Gained hands -onexperience with full-stack technologies.

**Oracuz Infotech**                                            May 2023 – June 2023

Full Stack Java Development Internship (4 weeks) (Developed and maintained web applications using Java for backend development and HTML, CSS, Bootstrap and JavaScript for frontend design.Gained hands -onexperience with full-stack technologies.

## Projects

**Fire Department Service**

- Developed a full-stack Fire Department Services system using React.js, Spring Boot, and MySQL, enabling document uploads, real-time notifications, service request tracking, and secure role-based access control. Built dynamic and responsive user interfaces with React and Bootstrap to enhance user experience across devices.

    Designed and implemented RESTful APIs in Spring Boot for seamless communication between the frontend and backend, ensuring efficient data management and security.

## Languages

Tamil ,English.
